

16th International Conference on Advanced Computational Intelligence

May 16 - 19, 2024

Zhangjiajie, Hunan, China

General Chairs

Qisheng Li, Jishou University, Jishou, China
Jun Wang, City University of Hong Kong,
Hong Kong

Organizing Chairs

Hanxiong Li, City University of Hong Kong,
Hong Kong
Jianfeng Li, Jishou University, Jishou, China
Bolin Liao, Jishou University, Jishou, China
Lin Xiao, Hunan Normal University,
Changsha, China

Program Chairs

Zhenyuan Guo, Hunan University, Changsha,
China
Long Jin, Lanzhou University, Lanzhou,
China
Yongming Li, Liaoning University of
Technology, Jinzhou, China
Yong Wang, Central South University,
Changsha, China

Special Sessions Chairs

Xinyi Le, Shanghai Jiao Tong University,
Shanghai, China
Shuai Li, Oulu University, Oulu, Finland
Biao Luo, Central South University,
Changsha, China
Zhijun Zhang, South China University
Technology, Guangzhou, China

Publications Chairs

Shuqing Gong, Changsha University of
Science and Technology, Changsha, China
Lei Jia, Inner Mongolia University, Hohhot,
China
Mei Liu, The Chinese University of Hong
Kong, Hong Kong
Shiqin Ou, Guizhou University, Guiyang,
China
Qiuyue Zuo, Hunan Normal University,
Changsha, China

Publicity Chairs

Jianhua Dai, Hunan Normal University,
Changsha, China
Jin Hu, Chongqing Jiaotong University,
Chongqing, China
Nian Zhang, University of District of
Columbia, Washington, DC, USA

Registration Chairs

Shenshen Gu, Shanghai University, Shanghai,
China
Shaofu Yang, Southeast University, Nanjing,
China
Yumin Yin, Jishou University, Jishou, China

Local Arrangements Chairs

Lei Ding, Zunyue Qin, Jishou University,
Jishou, China

Secretariat

icaci@cs.cityu.edu.hk

Call for Papers

<https://conference.cs.cityu.edu.hk/icaci/>

Sponsor and Organizer: Jishou University

Co-sponsors: Hunan University, Hunan Normal University, and City University of Hong Kong

Technical Co-sponsor: IEEE Systems, Man and Cybernetics Society

The 16th International Conference on Advanced Computational Intelligence (ICACI2024) will be held in Zhangjiajie, Hunan, China during May 16-19, 2024, following the successes of previous events. Situated in western Hunan in southern China, Zhangjiajie is a tourist city with rich cultures of ethnic minorities and beautiful natural scenes such as Wulingyuan listed as a UNESCO World Heritage. ICACI2024 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of research and applications in related fields. The conference will feature plenary speeches given by world-renowned scholars, regular sessions with broad coverage, and special sessions focusing on popular topics.

Call for Papers and Special Sessions

Prospective authors are invited to contribute high-quality papers to ICACI2024. In addition, proposals for special sessions within the technical scopes of the symposium are solicited. Special sessions, to be organized by internationally recognized experts, aim to bring together researchers in special focused topics. Papers submitted for special sessions are to be peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to ICACI2024. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information and brief biographical information on the organizers.

Topic Areas: *Topics of contributing papers include, but are not limited to, the following areas:*

Neural networks: Computational neuroscience, connectionist theory, cognitive science, mathematical modeling of neural systems, neurodynamic analysis, neurodynamic optimization, adaptive dynamic programming, embedded neural systems, probabilistic and information-theoretic methods, principal and independent component analysis, hybrid intelligent systems, supervised learning, unsupervised learning, reinforcement learning, deep learning, brain imaging, neural information processing, neuroinformatics, bioinformatics, support vector machines and kernel methods, autonomous mental development, data mining, big data processing, pattern recognition, time series analysis, image and signal processing, robotic and control applications, telecommunications, transportation systems, intrusion detection and fault diagnosis, brain computer interface, neuro-engineering, neuromorphic hardware.

Fuzzy systems: Fuzzy mathematics, fuzzy measure and integral, fuzzy logic, possibility theory, fuzzy clustering, fuzzy classification, fuzzy data analysis, fuzzy decision-making, fuzzy modeling, fuzzy control, type-2 fuzzy systems, computing with words, rough sets, granular computing, fuzzy neural networks, neuro-fuzzy systems, fuzzy system architecture or hardware.

Evolutionary computation: Genetic algorithms, genetic programming, evolutionary strategy, swarm intelligence, particle swarm optimization, ant colony optimization, differential evolution, brain storm optimization, estimation of distribution algorithms, other meta-heuristics, evolutionary multi-objective optimization, evolutionary scheduling, data-driven evolutionary computation, large-scale optimization, parallel and distributed evolutionary computation, evolutionary computation for bi-level optimization, multi-tasking evolutionary computation, evolutionary computation under uncertainty, dynamic evolutionary algorithms, real world applications of evolutionary algorithms.

Paper Submission

Authors are invited to submit full-length papers (8 pages maximum) by the submission deadline through the online submission system. Potential organizers are also invited to enlist five or more papers with cohesive topics to form special sessions. The submission of a paper implies that the paper is original and has not been submitted under review or is not copyright-protected elsewhere and will be presented by an author if accepted. All submitted papers will be refereed by experts in the field based on the criteria of originality, significance, quality, and clarity. The authors of accepted papers will have an opportunity to revise their papers and take consideration of the referees' comments and suggestions. All accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements. Selected high-quality papers will be included in several journal special issues.

Important Dates

Special session proposals deadline.....December 1, 2023
Paper submission deadline.....January 1, 2024
Notification of acceptance.....February 1, 2024
Camera-ready copy and author registration.....March 1, 2024
