Sponsors/Organizers: [City University of Hong Kong](#) and [Vietnam-Korea Friendship Information Technology College](#),  
Technical Co-sponsor: IEEE Systems, Man and Cybernetics Society

The Seventh International Conference on Information Science and Technology (ICIST 2017) will be held in Da Nang, Vietnam during April 16-19, 2017, following the successes of previous events. Located at the central Vietnam, Da Nang is a popular beach resort and the second largest seaport in Vietnam, with three UNESCO heritage sites (Huế, Hội An, and Mỹ Sơn) nearby. ICIST 2017 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of research and applications in related fields. The conference will feature plenary speeches given by world renowned scholars, regular sessions with broad coverage, and special sessions focusing on popular topics.

### Call for Papers and Special Sessions

Prospective authors are invited to contribute high-quality papers to ICIST2017. In addition, proposals for special sessions within the technical scopes of the conference are solicited. Special sessions, to be organized by internationally recognized experts, aim to bring together researchers in special focused topics. Papers submitted for special sessions are to be peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to ICIST2017. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information and brief biographical information on the organizers.

### Paper Submission

Authors are invited to submit full-length papers (8 pages maximum) by the submission deadline through the online submission system. Special session organizers are also invited to enlist six or more papers with cohesive topics to form special sessions. The submission of a paper implies that the paper is original and has not been submitted under review or is not copyright-protected elsewhere and will be presented by an author if accepted. All submitted papers will be refereed by experts in the field based on the criteria of originality, significance, quality, and clarity. The authors of accepted papers will have an opportunity to revise their papers and take consideration of the referees' comments and suggestions. The Proceedings has been contracted to be included in IEEE Xplore Digital Library and will be submitted for EI indexing.
