

13th International Conference on Information Science and Technology

December 8-14, 2023

Cairo, Egypt

Call for Papers

Sponsor: British University in Egypt

Co-Sponsors: City University of Hong Kong and Chongqing Three Gorges University

Technical co-sponsor: IEEE Systems, Man and Cybernetics Society

The 13th International Conference on Information Science and Technology (ICIST 2023) will be held in Cairo, Egypt during December 8-14, 2023. As a cradle of civilization, the conference site features long historical and rich cultural heritages. Following the successes of previous events, ICIST 2023 aims to provide a high-level international forum for scientists, engineers, and educators to present the state of the art of research and applications in related fields. The conference will feature preconference, tutorials, plenary speeches given by world-renowned scholars, regular sessions with broad coverage, and special sessions focusing on popular topics and pre-conference tutorials/workshops to warm up the main event.

Call for Papers and Special Sessions

Prospective authors are invited to contribute high-quality papers to ICIST 2023. In addition, proposals for special sessions within the technical scope of the conference are solicited. Special sessions, to be organized by internationally recognized experts, aim to bring together researchers on special focused topics. Papers submitted for special sessions are to be peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to ICIST 2023. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information, and brief biographical information on the organizers.

Topic Areas

Topics of contributing papers include, but are not limited to, the following areas:

Computer Science and Engineering

Computer networks, computer vision, pattern recognition, virtual, reality, parallel and distributed computing, high-performance computing, artificial intelligence, computer graphics, big data, cloud computing, database management systems, mobile agent computing, quality of services and communication protocol, mobile computing for e-commerce, cryptography and information security, scientific and engineering computing, hybrid computational methods, data visualization and virtual reality, web- and grid-based computing and simulation, possibility theory, Bayes network and hidden Markov models, computational intelligence, granular computing

Control and Automation

Autonomous systems, linear and nonlinear control, robust control, learning and adaptive control, intelligent control, optimization-based and optimal control, model predictive control, fault detection and identification, hybrid intelligent systems, neural control, fuzzy logic control, networked control, industrial automation, process control, robot control, mechatronic systems, vehicle control systems, intelligent transportation systems, environmental monitoring and control, intelligent manufacturing systems, microprocessor-based control, motor control, power control, vehicle control, aerospace control applications.

Signal Processing and Telecommunications

Adaptive filtering & signal processing, audio/speech processing and coding, compressive sensing and sparse representation, higher-order spectral analysis, nonlinear & blind signal processing, neural signal processing, component analysis, array signal processing, parallel and distributed processing, time series analysis, multimedia signal processing, design and implementation of signal processing systems, DSP Implementations and embedded systems, image and multidimensional signal processing, image processing & understanding, multimedia communications, next-generation wireless/wireline communications, communication signal processing, modulation and channel coding, network coding, sensor networks

Bioinformatics and Biomedical Engineering

Microarray data analysis, gene regulation, network, and pathway analysis, identification and classification of genes, protein structure prediction, next-generation sequencing and metagenomics, protein, DNA/RNA structure, function, and interactions, functional genomics and proteomics, molecular evolution and phylogeny, neuroinformatic, brain-computer interface, clinical engineering, rehabilitation engineering, neural engineering, biomedical signal analysis and modeling, bio-imaging, sensing, and data fusion, biomarker discovery, health informatics, healthcare data acquisition, analysis, and modeling, biomedical data knowledge extraction, biomedical data integration, modeling, and preprocessing, biological data mining, knowledge sharing, visualization, and knowledge utilization, biomedical data mining systems and computing platforms, electronic health record acquisition, analysis, and decision support, high performance computing for biomedical data analysis, smart clinical diagnosis and decision systems

Paper Submission

Authors are invited to submit full-length papers (the nominal number of pages is 10) by the submission deadline through the online submission system. Special session organizers are also invited to enlist six or more papers with cohesive topics to form special sessions. The submission of a paper implies that the paper is original and has not been submitted under review or is not copyright-protected elsewhere and will be presented by an author if accepted. All submitted papers will be refereed by experts in the field based on the criteria of originality, significance, quality, and clarity. The authors of accepted papers will have an opportunity to revise their papers and take into consideration of the referees' comments and suggestions. Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements. Selected high-quality papers will be included in several journal special issues.

Important Dates

Special session proposals deadline..... July 1, 2023
Paper submission deadline..... August 1, 2023
Notification of acceptance..... September 1, 2023
Camera-ready copy and author registration..... October 1, 2023

General Chairs

Samir Abou Elseoud, British University in Egypt, Cairo, Egypt
Omar Karam, British University in Egypt, Cairo, Egypt
Hanxiong Li, City University of Hong Kong, Hong Kong

Advisory Chairs

Mohamed Loufti, British University in Egypt, Cairo, Egypt
Wei Zhang, Chongqing Three Gorges University, Chongqing, China

Organizing Chairs

Yuming Feng, Chongqing Three Gorges University, Chongqing, China
Walid Hussain, British University in Egypt, Cairo, Egypt
Jun Wang, City University of Hong Kong, Hong Kong

Program Chairs

Xiaolin Hu, Tsinghua University, Beijing, China
Qingshan Liu, Southeast University, Nanjing, China
Nian Zhang, University of District of Columbia, Washington, DC, USA

Special Sessions Chairs

Jianchao Fan, Dalian University of Technology, Dalian, China
Zhishan Guo, North Carolina State University, Raleigh, NC, USA
Xinyi Le, Shanghai Jiao Tong University, Shanghai, China
Zhouhua Peng, Dalian Maritime University, Dalian, China
Andreas Pester, British University in Egypt, Cairo, Egypt
Wenyng Xu, Southeast University, Nanjing, China

Tutorials/Workshops Chairs

Tingwen Huang, Texas A&M University - Qatar, Doha, Qatar
Jiang Xiong, Chongqing Three Gorges University, Chongqing, China

Publicity Chairs

Zhenyuan Guo, Hunan University, Changsha, China
Tieshan Li, University of Electronic Science and Technology of China, Chengdu, China
Sitian Qin, Harbin Institute of Technology - Weihai, Weihai, China
Yadi Wang, Henan University, Kaifeng, China
Shaofu Yang, Southeast University, Nanjing, China

Publications Chairs

Hangjun Che, Southwest University, Chongqing, China
Jin Hu, Chongqing Jiaotong University, Chongqing, China
Man-Fai Leung, Anglia Ruskin University, Cambridge, UK
Na Liu, Tsinghua University, Beijing, China
Jiasen Wang, Purple Mountain Laboratories, Nanjing, China
Baojie Zhang, Chongqing Three Gorges University, Chongqing, China

Registration Chairs

Shenshen Gu, Shanghai University, Shanghai, China
Ahmad Mostafa and Mostafa Salama, British University in Egypt, Cairo, Egypt

Local Arrangements Chairs

Ahmed Abdel-Raouf and Sara Abdel-Rhman, British University in Egypt, Cairo, Egypt
